

The shoot

WHAT TO EXPECT

BEFORE THE SESSION

Firstly, we will meet for a brief meeting, nothing formal just a chilled coffee to discuss your wedding photography vision (This can be done in person or by video conference). We can discuss any specific shots you have in mind, any questions and any ideas you have for your big day.

THE DAY OF THE SHOOT

The big day has arrived, I will meet you at your chosen location for your bridal prep or straight to the ceremony where I will capture the tears, the laughter and every special moment throughout your beautiful day. Once you have had your first dance as a married couple I will disappear and let you party the night away!

AFTER YOUR SESSION

I will work promptly to edit your photos in my signature style and get some sneak peeks to you ASAP. I will post some favourites to my social media in which you will always get tagged. Within 8 weeks from your wedding date you will receive all images on a beautiful acrylic USB for you to share with everyone!
